

Full Name : Tam King Fung Adrian  
Age : 7  
Parent's Name: Koo Ah Man Amy  
School Name : St. Joseph's Anglo-Chinese Primary School

## **SUPER POWER JOHN**

A very normal little boy named John, who lives in a small town with his parents. John is twelve years old, his hobby is playing football and basketball.

One day, on a sunny afternoon, he was playing in his garden. He saw something shiny near the fountain. He walked closer and closer and he found that it was an APPLE. He picked it up and ate the whole apple. Suddenly, his body was full of energy and he realized that he got superpower - it was super STRONG power!

Next day ,when he was going home from school, he saw some big rocks falling down from the hill. Down there, there was a store with lots of people, some people even lined up outside the store because the store was very popular in the town. John thought, "If the rocks fall down, they must hurt those people. I have to save them!". Then, John went near the rocks and stopped them. He saved all the people.

After saving the people in the store, he walked to another street. He saw something AMAZING! He can't believe his eyes! A big elephant was walking in the street. He heard from some grown-ups said, because somebody in the zoo forgot to close the gate and didn't feed them, the elephant came out and tried to find food in the town. The elephant was too hungry, so he tried to go to the supermarket and go to the restaurant. Because he was too big and he couldn't see people, he hurt some children. John was a little bit scared but he told himself that he must help them. So, he used his super power to push the elephant back to the zoo. And then John gave some bananas to the elephant and gave some water to him. Once again, John saved lots of people.

People were very happy but curious why John has the super power. John said, "ummm.....I just ate an APPLE yesterday and I became so strong!". From that day on, all the people in the town eat apples everyday. And the town changes the name to - APPLE TOWN.

The End.
